Dear Shareholder,

We are pleased to present you the following report for the ESPA CASH CORPORATE-PLUS mutual fund pursuant to InvFG for the period from 1 March 2011 to 29 February 2012.

Development of the Fund

For ESPA CASH CORPORATE-PLUS, the past six months were dominated by price fluctuations and the big debt crisis in Europe. However, performance was positive in the end, at 1.81%.

Despite the numerous problems at the beginning of the reporting period – the debt situation of the peripheral European countries, worries after the earthquake in Japan and the unrest in the Middle East – investor risk appetite and risk premiums on corporate bonds remained relatively stable. In the summer of 2011, there were growing indications of an economic downturn and several economic indicators weakened considerably. Although the economy did not hit recession levels, the contraction was enough to put the countries with particularly high debt levels into further distress. While previously there had only been talk of a few problem countries that the euro safety net would need to catch, now the question was whether the safety net would be at all capable of helping larger countries such as Italy and Spain. In the summer, the debt problem also took centre stage in the US: It took quite a while for the US government to come to an agreement about the budget. One of the largest rating agencies, Standard & Poor's, downgraded the US's credit rating for the first time from AAA to AA+. While many sovereign debt problems are still far from being resolved, it must be emphasised that companies are posting relatively solid results. The profit margins for many issuers are very high, liquidity is sufficient and many are trying to keep their level of indebtedness down. Bonds from companies in the countries affected by the debt crisis were of course hit hard in the second half of the year. Even well positioned companies were forced to deal with substantial increases in risk premiums. Overall, however, companies seem to be properly prepared for somewhat bumpier times. When the ECB finally implemented unconventional measures once again towards the end of 2011 in order to stimulate the economy, it also rekindled the interest of investors in corporate bonds. Significant inflows into this asset class led to spread narrowing and very positive performance in January and February 2012.

Auditor responsibility and description of the type and scope of the mandatory audit of the annual report

It is our responsibility to state an opinion on this report on the basis of our audit.

We conducted our audit in accordance with § 49 paragraph 5 InvFG 2011, in accordance with the legal requirements that apply in Austria, and in accordance with Austrian generally accepted accounting principles. These principles obligate us to follow the standards of our profession and to plan and conduct our audit in a way that enables us to ascertain with a reasonable degree of certainty whether or not the annual report is free of material misstatements.

An audit includes the completion of audit steps to obtain evidence of the amounts and other information disclosed in the annual report. These steps must be selected by the auditor at his or her own discretion and taking into account the auditor's expectations of the risk of material misstatements resulting from intentional or unintentional errors. In assessing this risk, the auditor considers the internal control system as it is relevant for the preparation of the annual report and the valuation of the fund assets so as to be able to select audit steps that are appropriate for the specific situation. An ascertainment of the effectiveness of the Management Company's or custodian bank's internal control system is not part of the audit. The audit also includes an assessment of the appropriateness of the applied valuation methods and material estimates made by management, as well as evaluating the overall presentation of the annual report.

We believe that we have collected sufficient and suitable evidence over the course of our audit, and that our audit provides a sufficient basis for our opinion.

Audit opinion

Our audit revealed no cause for objection. Based on the information obtained during the audit, we believe that the annual report as of 29 February 2012 for ESPA CASH CORPORATE-PLUS, mutual fund pursuant to InvFG, complies with the legal requirements.

Statements regarding compliance with the Austrian Investment Fund Act and the fund terms and conditions

In accordance with § 49 paragraph 5 InvFG 2011, the audit must also include a determination of whether the provisions of the Austrian Investment Fund Act (Investmentfondsgesetz, InvFG) and the fund terms and conditions were complied with. We conducted our audit according to the aforementioned principles in such a way that we are able to form an opinion with sufficient certainty as to whether the provisions of the InvFG and the fund terms and conditions were complied with in general.

According to the information obtained during the audit, the provisions of the Austrian Investment Fund Act and the fund terms and conditions were complied with.

Statements regarding the report on activities in the reporting period

The descriptions included in the annual report by the management of the Management Company about the activities in the reporting period were examined critically by us, but were not subject to special audit steps according to the aforementioned principles. Mutual fund pursuant to InvFG General Terms and Conditions

governing the contractual relationship between the Shareholders and ERSTE-SPARINVEST KAG (hereinafter the "Investment Firm") for the mutual funds administered by the Investment Firm, which are only valid in combination with the Special Fund Terms and Conditions issued for each individual fund:

§ 1 Basic Terms

The Investment Firm is subject to the provisions of the 1993 Austrian Investment Fund Act as amended (hereinafter "InvFG").

§ 2 Fund Shares

1. Ownership in the assets held by the Investment Fund is divided into equal shares.

The number of shares is unlimited.

2. The partial ownership of the fund assets is evidenced by certificates having the characteristics of a security.

Fund shares may be issued as different classes of shares in accordance with the Special Fund Terms and Conditions.

The shares are depicted as global certificates (§ 24 Austrian Securities Deposit Act [Depotgesetz] as amended) and/or as effective individual shares.

3. Every purchaser of a share acquires proportionate ownership of all assets contained in the Investment Fund in accordance with the share of ownership assigned to the share. Every purchaser of a fraction of a global certificate acquires proportionate ownership of all assets contained in the Investment Fund in accordance with his fractional ownership of the global certificate.
4. The Investment Firm shall be permitted to split the shares in the fund with the approval of its Supervisory Board and issue additional share certificates to the Shareholders or replace the old share certificates with new ones when the Investment Firm deems that such a split would be in the interests of the Shareholders on the basis of the calculated share value (§ 6).

§ 3 Share Certificates and Global Certificates

1. The share certificates are bearer shares.
2. The global certificates bear the original signature of a managing director or a duly authorised employee of the custodian bank and the original or facsimile signature of two managing directors of the Investment Firm.
3. The individual share certificates bear the original signature of a managing director or a duly authorised employee of the custodian bank and the original or facsimile signature of two managing directors of the Investment Firm.

§ 4 Administration of the Investment Fund

1. The Investment Firm shall be authorised to dispose of the assets in the Investment Fund and to exercise the rights associated with ownership of these assets. In this, it shall act in its own name for the account of the Shareholders. It shall protect the interests of the Shareholders and the integrity of the market, shall exercise the prudence of an ordinary and conscientious businessman as defined by § 84 paragraph 1 Austrian Stock Corporation Act (Aktiengesetz), and shall comply with the provisions of the InvFG and the fund terms and conditions.

The Investment Firm shall be authorised to employ third parties in the management of the Investment Fund and shall be authorised to permit such third parties to dispose of the fund assets in the name of the Investment Firm or in their own name for the account of the Shareholders.

2. The Investment Firm shall not be permitted to grant loans or enter into guarantee commitments of any kind for the account of the Investment Fund.
3. Assets in the Investment Fund may not be pledged or subject to liens of any kind, provided as collateral or transferred to another party except in those cases explicitly permitted in the Special Fund Terms and Conditions.
4. The Investment Firm shall not be permitted to sell securities, money market instruments or other financial investments pursuant to § 20 InvFG that are not fund assets at the time of sale for the account of the Investment Fund.

§ 5 Custodian Bank

The custodian bank (§ 13) appointed pursuant to § 23 InvFG shall manage the deposit and other accounts of the Investment Fund and shall exercise all other functions specified for it in the InvFG and in the fund terms and conditions.

§ 6 Issue and Share Value

1. The custodian bank shall calculate the value (share value) of a single share for every class of share certificate and publish the issue and return price (§ 7) every time that a share is issued or returned, but in any case at least twice per month.

The value of a share shall be determined by dividing the total value of the Investment Fund including earnings by the number of shares. The custodian bank shall determine the total value of the Investment Fund on the basis of the prices of the securities and subscription rights contained in the Investment Fund plus the value of the money market instruments and financial investments, cash and cash equivalents, account balances, claims and other rights held by the Investment Fund, less any liabilities.

The prices of the securities shall be based on the last-known exchange or other set prices as per § 7 paragraph 1 InvFG.

2. The issue price shall be made up of the share value plus a premium per share to cover the costs incurred by the Investment Firm in issuing the share. The resulting price shall be rounded up. The amount of this premium and the rules for rounding are specified in the Special Fund Terms and Conditions (§ 23).
3. In accordance with § 18 InvFG in connection with § 10 paragraph 3 Austrian Capital Market Act (Kapitalmarktgesetz, KMG), the issue and return prices for every class of share certificate will be published in a business or daily newspaper that is published within Austria and has sufficient circulation and/or in electronic form on the web site of the issuing Investment Firm.

§ 7 Return

1. Upon request by the Shareholder, his shares shall be redeemed at the current return price. In this event, the share certificate, outstanding coupons and the renewal certificate shall also be collected if necessary.
2. The return price shall be the value of one share less a discount and/or rounded down as specified in the Special Fund Terms and Conditions (§ 23). The payment of the return price and the calculation and publication of the return price as specified in § 6 may be suspended temporarily when the Austrian Financial Market Authority is informed of this fact and a corresponding notice published as per § 10 and made dependent on the sale of assets in the Investment Fund and the receipt of the proceeds from the sale of assets by the Investment Firm under extraordinary conditions and when this is deemed necessary to protect justified Shareholder interests. Investors shall also be informed when the Investment Firm resumes accepting returned shares as specified in § 10.

This shall especially apply when the Investment Fund has invested 5% or more of its total value in assets whose valuations clearly do not correspond to their actual values as a result of political or economic conditions, and not only in individual cases.

The amendments must also be approved by the Austrian Financial Market Authority. The amendments must be published. Such amendments shall take effect on the date indicated in the published notice, but in any case no earlier than three months after publication.

§ 12 Termination and Liquidation

1. The Investment Firm shall be authorised to terminate the administration of the Investment Fund after obtaining approval from the Financial Market Authority with a period of notice of at least six months (§ 14 paragraph 1 InvFG), or immediately upon publication of a corresponding public notice (§ 10) if the fund assets fall below EUR 1,150,000 (§ 14 paragraph 2 InvFG). Within the framework of the hedging concept, the Investment Firm tries, among other things, to hedge the foreign currency risk versus the EUR to the greatest extent possible using appropriate strategies.

Interest-rate and credit derivatives (options, futures, credit default swaps) can be used for hedging and speculative purposes.

- 3. If securities and money market instruments containing an embedded derivative are purchased for the Investment Fund, the Investment Firm must take this into account in compliance with §§ 19 and 19a.
