Final Terms

MiFID II Product Governance / Eligible Counterparties, Professional Investors and Retail Investors

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties, professional clients and retail clients, each as defined in Directive 2014/65/EU (as amended, "**MiFID II**"), and (ii) all channels for distribution of the Notes are appropriate, including investment advice, portfolio management, non-advised sales and pure execution services. Any person subsequently offering, selling or recommending the Notes (a "**Distributor**") should take into consideration the manufacturer's target market assessment; however, a Distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

In that case or if any Reference Date falls on the Reference Cut-Off Date as the original date on which it was scheduled to fall is not a Scheduled Trading Day:

(i) that Reference Cut-Off Date shall be deemed to be the Reference Date for the Index, notwithstanding the fact that such day is a Disrupted Day or is not a Scheduled Trading Day; and

(ii) the Calculation Agent shall determine the relevant level or price of the Index on that Reference Cut-Off Date in accordance with the formula for and method of, calculating the Index last in effect prior to the Reference Cut-Off Date and using its good faith estimate of the value for the components of the Index (and such determination by the Calculation Agent pursuant to this paragraph (ii) shall be deemed to be the Index Level in respect of the relevant Reference Date).

(b) Notification

The Calculation Agent shall give notice, as soon as practicable, to the Holders in accordance with § 10 of the General Conditions of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been a Reference Date. Any failure by the Calculation Agent to so notify the Holders of the occurrence of a Disrupted Day shall not affect the validity of the occurrence or the consequences of such Disrupted Day.

"Scheduled Trading Day" means any day on which the Index Sponsor is scheduled to publish the Index Level.

§ 6
ADJUSTMENTS IN RESPECT TO THE INDEX

(a) Adjustments

(i) If an Index is (1) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent, or (2) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for, and method of, calculation as used in the calculation of that Index, then that index (the "**Successor Index**") will be deemed to be the Index.

(ii) If the Calculation Agent determines that, (1) on or prior to any Reference Date or other relevant date, the Index Sponsor makes or announces that it will make a material change in the formula for, or the method of, calculating a relevant Index, or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in the Components, capitalization and/or other routine events) (an "**Index Modification**"), or permanently cancels the Index and no Successor Index exists as at the date of such cancellation (an "**Index Cancellation**"), or (2) on any Reference Date or other relevant date, the Index Sponsor fails to calculate and announce the relevant Index Level (an "**Index Disruption**") (provided that, the Calculation Agent may, in its reasonable discretion, determine that such event instead results in the occurrence of a Disrupted Day) and, together with an Index Modification and an Index Cancellation, each an "**Index Adjustment Event**") then:

(aa) the Calculation Agent shall determine if such Index Adjustment Event has a material effect on the Notes and, if so, may elect to calculate the relevant Index Level using, in lieu of a published level for that Index, the level for that Index on that Reference Date or other relevant date, as the case may be, as determined by the Calculation Agent in accordance with the formula for, and method of, calculating that Index last in effect prior to the relevant Index Adjustment Event, but using only those Components that comprised that Index immediately prior to that Index Adjustment Event; or

(bb) the Calculation Agent may elect to determine, in its reasonable discretion, the appropriate adjustment, if any, to be made to any of the terms of these Issue Specific Conditions to account for the Index Adjustment Event and determine the effective date of that adjustment; or

(cc) the Calculation Agent may elect to select a successor index with a substantially similar strategy as the original Index and, upon selection of such index, the Calculation Agent shall promptly notify the Holders in accordance with § 10 of the General Conditions and such index shall become the Successor Index and deemed to be the 'Index' for the purposes of the Notes and the Calculation Agent will make such adjustment, if any, to these Issue Specific Conditions to account for the Successor Index and determine the effective date of that adjustment; or

(dd) provided that, in the determination of the Calculation Agent, the provisions according to (aa) to (cc) above would not achieve a commercially reasonable result, on giving notice to Holders in accordance with § 10 of the General Conditions, the Issuer shall redeem the Notes in whole but not in part, each Note being redeemed by payment of an amount equal to the fair market price of such Note taking into account the Index Adjustment Event, adjusted to account fully for any reasonable expenses and costs of the Issuer and/or its affiliates of unwinding any underlying and/or related hedging and funding arrangements (including, without limitation, any equity options, equity swaps, or other securities of any type whatsoever hedging the Issuer's obligations under the Notes), all as determined by the Calculation Agent in good faith and in a commercially reasonable manner. Payments will be made in such manner as shall be notified to the Holders in accordance with § 10 of the General Conditions.

Any such redemption pursuant to this § 6(a) shall only be possible if the conditions to redemption and repurchase set out in § 4 (3) of the General Conditions are met.

(b) Correction of Index Level

If the level of the relevant Index published by the Index Sponsor on any date which is utilized for any calculation or determination (a "**Relevant Calculation**") is subsequently corrected and the correction is published by the Index Sponsor (the "**Corrected Index Level**") no later than two Business Days prior to the date of payment of any amount to be calculated by reference to the Relevant Calculation then such Corrected Index Level shall be deemed to be the relevant level for such Index on such day and the Calculation Agent shall use such Corrected Index Level in determining the relevant level.

§ 7

ADDITIONAL DISRUPTION EVENTS

If any Additional Disruption Event occurs, the Issuer, in its reasonable discretion, may:

(i) require the Calculation Agent to determine, in its reasonable discretion, the appropriate adjustment, if any, to be made to any of the terms of these Issue Specific Conditions to account for the Additional Disruption Event and determine the effective date of that adjustment; or

(ii) terminate the Notes in whole but not in part by giving notice to Holders in accordance with § 10 of the General Conditions. If the Notes are so redeemed, the Issuer will pay to each Holder, in respect of each Note held by such Holder, an amount equal to the fair market price of the Notes taking into account the Additional Disruption Event, adjusted to account fully for any reasonable expenses and costs of the Issuer and/or its affiliates of unwinding any underlying and/or related hedging and funding arrangements (including, without limitation, any equity options, equity swaps, or other securities of any type whatsoever hedging the Issuer's obligations under the Notes), all as determined by the Calculation Agent in good faith and in a commercially reasonable manner. Payments will be made in such manner as shall be notified to the Holders in accordance with § 10 of the General Conditions.

Any such redemption pursuant to this § 7 shall only be possible if the conditions to redemption and repurchase set out in § 4 (3) of the General Conditions are met.

Upon the occurrence of an applicable Additional Disruption Event, the Issuer shall give notice, as soon as practicable, to the Holders in accordance with § 10 of the General Conditions, stating the occurrence of the Additional Disruption Event, giving details thereof and the action proposed to be taken in relation thereto. Any failure to give, or non-receipt of, such notice will not affect the validity of the Additional Disruption Event.

"Hedge Positions" means any purchase, sale, entry into or maintenance of one or more (i) positions or contracts in securities, options, futures, derivatives, or foreign exchange, (ii) stock loan transactions, or (iii) other arrangements (howsoever described) by the Issuer and/or any of its affiliates in order to hedge, individually or on a portfolio basis, its obligations under the Notes.

"Hedging Disruption" means that the Issuer and/or any of its affiliates is unable, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Notes, or (ii) realize, recover, or remit the proceeds of any such transaction(s) or asset(s).

"Administrator/Benchmark Event" means, in respect of any Note and a Relevant Benchmark, the occurrence or existence, as determined by the Calculation Agent, of any of the following events in respect of such Relevant Benchmark:

(a) **"Non-Approval Event"**, being any of the following:

(i) any authorisation, registration, recognition, endorsement, equivalence decision or approval in respect of the Relevant Benchmark or the administrator or sponsor of the Relevant Benchmark is not obtained;

(ii) the Relevant Benchmark or the administrator or sponsor of the Relevant Benchmark is not included in an official register; or

(iii) the Relevant Benchmark or the administrator or sponsor of the Relevant Benchmark does not fulfil any other legal or regulatory requirement applicable to the Notes or the Relevant Benchmark,

in each case, if required in order for the Issuer or the Calculation Agent to perform its or their respective obligations in respect of the Notes in compliance with the Benchmark Regulation. For the avoidance of doubt, a Non-Approval Event shall not occur if the Relevant Benchmark or the administrator or sponsor of the Relevant Benchmark is not included in an official register because its authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended if, at the time of such suspension, the continued provision and use of the Relevant Benchmark is permitted in respect of the Notes under the Benchmark Regulation during the period of such suspension;

(b) a **"Rejection Event"**, being the relevant competent authority or other relevant official body rejects or refuses any application for authorisation, registration, recognition, endorsement, an equivalence decision, approval or inclusion in any official register which, in each case, is required in relation to the Relevant Benchmark or the administrator or sponsor of the Relevant Benchmark for the Issuer or the Calculation Agent to perform its or their respective obligations in respect of the Notes in compliance with the Benchmark Regulation; or

(c) a **"Suspension/Withdrawal Event"**, being any of the following:

(i) the relevant competent authority or other relevant official body suspends or withdraws any authorisation,

registration, recognition, endorsement, equivalence decision or approval in relation to the Relevant Benchmark or the administrator or sponsor of the Relevant Benchmark which is required in order for the Issuer or the Calculation Agent to perform its or their respective obligations in respect of the Notes in compliance with the Benchmark Regulation; or

(ii) the Relevant Benchmark or the administrator or sponsor of the Relevant Benchmark is removed from any official register where inclusion in such register is required in order for the Issuer or the Calculation Agent to perform its or their respective obligations in respect of the Notes in compliance with the Benchmark Regulation.

For the avoidance of doubt: a Suspension/Withdrawal Event shall not occur if such authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended or where inclusion in any official register is withdrawn if, at the time of such suspension or withdrawal, the continued provision and use of the Relevant Benchmark is permitted in respect of the Notes under the Benchmark Regulation during the period of such suspension or withdrawal.

"Benchmark Regulation" means Regulation (EU) 2016/1011 of the European Parliament and the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending directives 2008/48/EC and 2014/17/EU and Regulation (EU) 596/2014 (as may be amended from time to time), including any subsidiary legislation or rules and regulations and associated guidance.

"Increased Cost of Hedging" means that the Issuer and/or any of its affiliates would incur a materially increased (as compared with circumstances existing on the Strike Fixing Date) amount of tax, duty, expense, or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind, or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Notes, or (ii) realize, recover, or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or any of its affiliates shall not be deemed an Increased Cost of Hedging.

"Change in Law" means that, on or after the Strike Fixing Date, due to (i) the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (ii) the promulgation of or any change in the interpretation by any court, tribunal, or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines, in its reasonable discretion, that (y) it has become illegal for the Issuer and/or any of its affiliates to hold, acquire, or dispose of relevant Hedge Positions (including any Components comprised in an Index), or (z) the Issuer and/or any of its affiliates will incur a materially increased cost in performing its obligations under the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit, or other adverse effect on its tax position).

"Relevant Benchmark" means any rate, level, price, value or other figure in respect of one or more underlyings or other index utilised in order to determine the amount of interest and/or principal and/or any other amount payable or asset deliverable under the Notes, in each case, which is a "benchmark" for the purposes of the Benchmark Regulation, as determined by the Calculation Agent.

"Additional Disruption Event" means any Change in Law, Hedging Disruption, Increased Cost of Hedging and/or Administrator/Benchmark Event.

Risk factors relating to an Index or Index Basket as reference asset
<ul style="list-style-type: none"> • Macroeconomic and company-specific Factors having a negative effect on the Performance of the Index may also affect the market price and Redemption Amount of the Notes. • Certain events in relation to the Index may result in an adjustment or early redemption of the Notes. • The performance of the Notes will not take into account dividends and other distributions, since they are not reflected in the price of such index.
Risk factors relating to the status of the Notes
<ul style="list-style-type: none"> • Holders are exposed to the risk of statutory loss absorption. • In case of an insolvency of the Issuer, deposits and certain other claims have a higher ranking than claims of Holders under the Notes. • The Notes may be redeemed by the Issuer prior to maturity for regulatory or tax reasons at their early redemption amount which can be zero (i.e. no capital guarantee in such cases).
Risk factor relating to conflicts of interest with regard to the Notes
<ul style="list-style-type: none"> • Investors are exposed to the risk that direct or indirect actions of the Issuer have negative effects on the market price of the Notes or otherwise negatively affect the Holders and conflicts of interest may make such actions more likely.

Risk factor related to the costs associated with and the market in the Notes
<ul style="list-style-type: none"> • The Notes may have no liquidity or the market for such Notes may be limited and this may adversely impact their market price or the ability of the Holder to dispose of them. Holders are exposed to the risk of wrong assessment of the Notes' liquidity due to the issue size of the Notes.

<p>Date of the underwriting agreement There is no firm underwriting in relation to the Notes offered.</p>
<p>Indication of the most material conflicts of interest pertaining to the offer or the admission to trading The Issuer may from time to time act in other capacities with regard to the Notes, such as calculation agent. Such functions may allow the Issuer to calculate the value of the reference asset or (where the reference asset is a basket) to determine the composition of the reference asset, which could raise conflicts of interest where securities or other assets issued by the Issuer itself or a group company can be chosen to be part of the reference asset, or where the Issuer maintains a business relationship with the issuer or obligor of such securities or assets.</p> <p>The Issuer acts as market maker for the Notes and, in certain cases, the underlying. In the context of such market making activities, the Issuer will substantially determine the market price of the Notes and possibly that of the underlying. Such transactions may have a negative effect on the value of the reference asset and consequently upon the market price of the Notes. References to the reference asset shall be deemed to include any of its components of the Index, if applicable.</p> <p>The Issuer may issue other derivative instruments in respect of the relevant reference asset and the introduction of such competing products into the marketplace may affect the market price of the Notes.</p> <p>The Issuer may use all or some of the proceeds received from the sale of the Notes to enter into hedging transactions. The Issuer's hedging activities might decrease or increase such market price. The market price of the Notes might in particular be affected by the liquidation of all or a portion of the hedging positions at or about the time of the maturity or expiration of the Notes.</p> <p>The Issuer may acquire non-public information with respect to the reference asset, and the Issuer does not undertake to disclose any such information to any holder. Companies of Erste Group or such other companies might be underlyings of the Notes.</p>
